DEDICATION

The 1988 Guardian annual staff dedicate this year's annual to Robin Whittington, secretary to the principal. She has worked for the school since 1982 and in those years has been invaluable to all in the school but especially to the annual staff. She cheerfully types, searches for information and puts up with all of us in general. She is sincerely appreciated.

SENIOR

At 6:00am on May 3, 1988, thirteen sleepy seniors and four sponsors left on their senior trip to Kalfran Lodge on the Lake of the Ozarks. Everyone had a great time and the group returned on the evening of May 6 with a lot of memories.

TRIP

HISTORY

On August 27, 1975, the unforgettable class of 1988 began their school career with twenty-four students. Those present were Aaron Atkins, Raymond Chastain, Mark Cofer, Donovan Cooper, Russel Dowell, Rebecca Gigliotti, Matthew Heits, Clint Hughes, Jeannette Kennel, Michael Lewis, Michael Lightner, Bryan Martin, Della Nicholson, Kena Owens, Angela Pendleton, Victor Rhoades, Thomas Roberts, Benne Rogers, Brian Smith, Jennifer Vernon, James Wallace, Sara Williamson, Jo Donna Woody and Larry Wooten. Our teacher was Mrs. Rohrbaugh.

Judy Cundall was our first grade teacher. This year we learned to read. We gained Michael Krutz and lost Raymond Chastain, Sara Williamson, Larry Wooten and Russel Dowell.

Our second grade teacher was Donna Portis. We gained Donald Gilstrap, Delby Archer and Brenda Shaw. We lost Della Nicholson and Jo Donna Woody. This year we concentrated on spelling.

In third grade our teacher was Betty Sparks. This year we learned to write cursive. We gained Heather Miller and Bobby Rensch. Mike Lewis and Donald Gilstrap left us.

Our fourth grade teacher was Karla Van Ingen. We spent a lot of time doing Missouri booklets this year. We gained Michael Bowman and Valerie Jones and lost Michael Lightner, Kena Owens, Heather Miller, Brenda Shaw and Tommy Roberts.

Bernice Griffey was our fifth grade teacher. This year we learned all the states and capitals and did our state booklets. Some of us joined band and got our instruments. This year we enjoyed hearing "Where the Red Fern Grows" and listening to Mrs. Griffey threaten Matt with World War III. We gained Brenda Shaw and lost Michael Krutz.

Lisa Mothersead was our sixth grade teacher. This year we experimented with rats and did continent reports. We gained Ricky Stillwell, Shane White and Gail Volner and lost Becky Gigliotti.

In seventh grade we enjoyed cheerleading, basketball and changing classes all the time. We gained Jason Haer, Mike Lewis, Sherri Perkins and Matt Foldenaer. Shane White and Gail Volner left us.

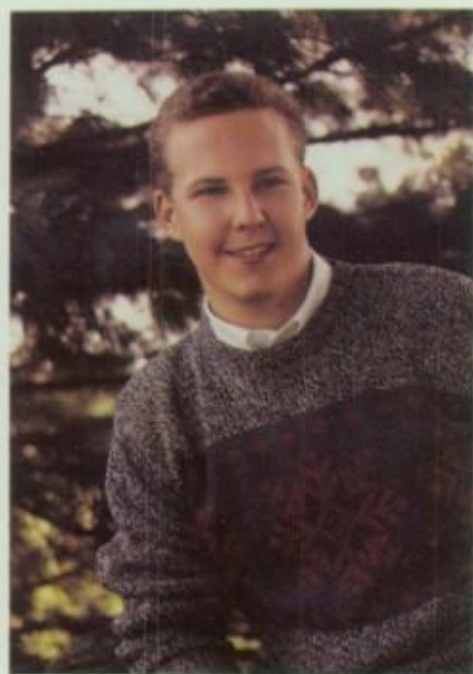

In eighth grade the boys enjoyed the new junior high football program and the band members got to march at football games. Tommy Roberts, Mike Krutz and Chris Jones joined us. Matt Foldenaer and Matt Heits left us.

Our Freshman year we gained David Knight and lost Valerie Jones and Chris Jones. This was the year we got initiated into FHA and FFA and we participated in varsity sports. We also got to march at parades.

Our Sophomore year we gained Kevin Lane and Valerie Jones and lost Sherri Perkins. Most of us got our driver's licenses and we got our class rings. Jeannette went to Freedom Forum and Mike B. went to Sophomore Pilgrimage. This was also the year some of us got in trouble over the Spanish test scandal. We also lost David Knight.

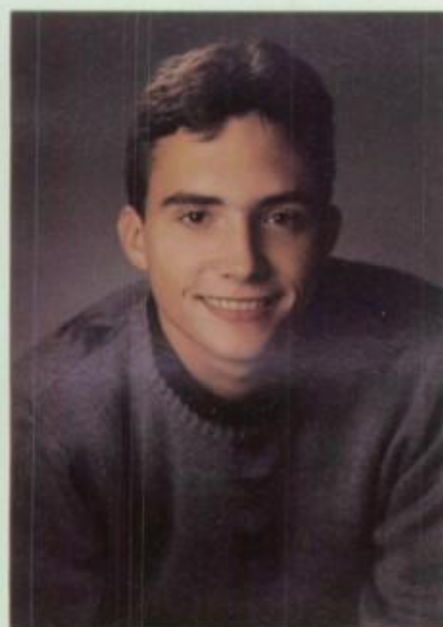

Our Junior year we ran Junior Stand and organized the prom "Aloha '87". Mike B. went to Boys State and Jeannette went to Girls State.

Now we are seniors and it has been a busy year. Mike L. and Jennifer were Football Homecoming King and Queen, Bryan M. and Jennifer were Favorite Fellow and Chapter Sweetheart and Benne and Melissa Smith were Basketball Homecoming King and Queen. The football team had a 7-1 season, the boys' basketball team won the Conference Championship for the third year in a row and the band placed at every parade in which they marched. Valerie left us this year. This year we enjoyed running Senior Stand and wondering what car Mark would get next. We are now looking forward to our Senior Trip at Kalfran Lodge on the Lake of the Ozarks, the Alumni Banquet and, of course, the day we've been waiting for, Graduation Day, May 15, 1988.

SENIOR PROPHECY

It is the year 1998. Mr. Svoboda (alias Boss) and Ms. Zanon are out on the target range trying to qualify for the Secret Service when out of the smoke comes a vision. This vision outlines everything the class of 1988 is doing.

Delby Archer is currently trying for his tenth consecutive first place in the Job skills demonstration at Vo-Tech.

Mike Bowman has moved to Burlington Junction and raises purebred quarter horses just for the enjoyment of it.

Mark Cofer is now a practicing plastic surgeon and he has his own law firm for people under the age of eighteen.

Donovan Cooper is now the president of the Missouri Hog Growers Association and owns the world renowned hog barn of Fairfax.

Jason Haer is a full time lab assistant under the direction of Mr. Holtz.

Clint Hughes is still a bag boy for Hunter's Grocery, but he has used his school training and become a professional shadow by night.

Jeannette Kennel finally got accepted to Harvard and is working her way through law school by throwing forks at people who are tied to a rotating wheel.

Mike Krutz is currently working on another vehicle. He is trying to make a cross between a '69 Camaro and a Nomad.

Mike Lewis is being held in the Atchison County Jail for suspicion in the shooting of Richard Sperber.

Bryan Martin is still trying to graduate from college. It seems that all those books he read filled up his brain and it can't absorb anything of importance.

Tom Roberts finally gave up on getting his driver's license back and bought a bike.

Benne Rogers is now, after his short but fruitful career in pro-football, a sports announcer. He still hasn't mastered the "Howard Cosell" voice.

Brenda Shaw is working in Hollywood as a beauty operator trying to create another Marilyn Monroe.

Brian Smith is still trying to decide who to take to prom.

Rick Stillwell is now the president of the Fairfax Community Hospital and the Fairfax School Board.

Jennifer Vernon now owns the Ford factory that manufactures blue Thunderbirds.

James Wallace is the owner of a small chain of corner stations that stretches across the United States.

After the vision fades Ms. Zanon and Boss resume their shooting. They are happy with the way the class of '88 turned out. By the way, Ms. Zanon beat out Boss in the trials for the Secret Service and she is now working for the Michigan Mafia.

FOOTBALL

On September 25, 1987, the Fairfax Bulldogs battled the Stewartsville Cardinals in the 1987 Football Homecoming game. This game was widely publicized due to the fact that both teams went into the game with 3-0 records. There was a feature article in the St. Joe News Press and Gazette the day before the confrontation. The game was exciting to the end and there were more fans there to cheer the team on than there have been in several years. After the victorious game, with a score of 20-14, Jennifer Vernon and Mike Lewis were crowned king and queen.

Coach Hixson's comment was: "The 1987 homecoming was as big to us as an Oklahoma/Nebraska shoot-out. That is the type of enthusiasm we approached that game with that week."

Boss' comment was: "Sweat pays!"

SPORTS

VARSIY FOOTBALL

The 1987 Fairfax Bulldogs finished their season with an outstanding record of 7-1, the best record a football team has had since the 7-2 team of 1972. Coach Hixson said this about the season, "It was a treat to work with these young men, who set a goal early in the season and worked to get it. A lot of hard work went into having a 7-1 season. Now that it is over, I think all the boys will tell you that it was all worth it. I can honestly say I will not forget this season or these young men for as long as I live."

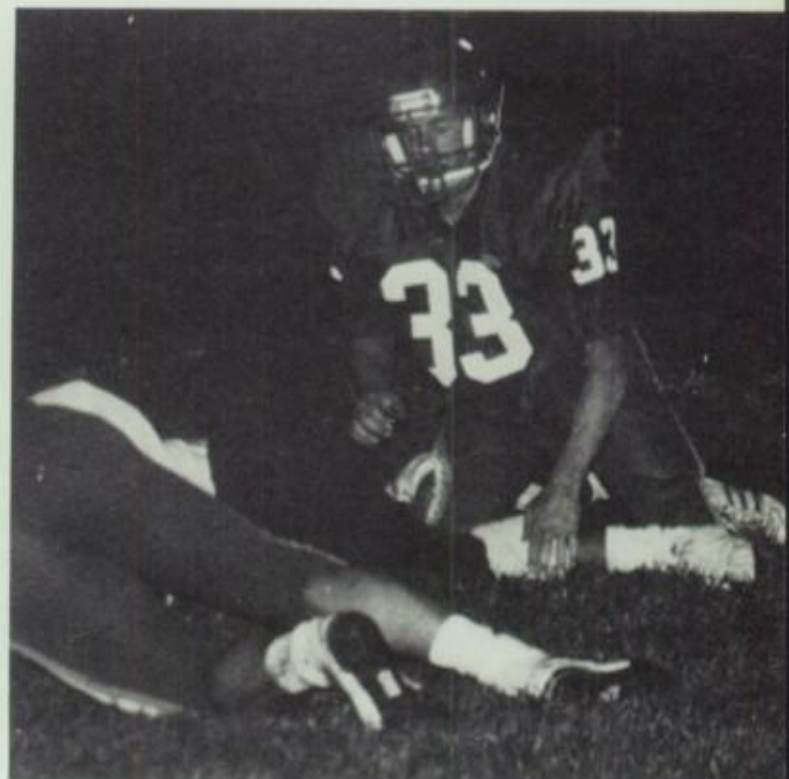

The Bulldogs set their goal at 8-0, but, after a heart breaking loss to the Elwood panthers of Elwood, Kansas, their goal was shattered. "As a coach I try to teach a little more than football. I hope our team learned how to work hard to achieve what they have set for a goal and how to walk away from the field as humble winners or as proud losers. I hope they have learned to believe in themselves and, with a little hard work and selfdiscipline, you can accomplish anything you set your mind to. I think that by the end of the season we learned to have faith in God and in each other."

The team was led by these three seniors: Benne Rogers, Mike Lewis, and Bryan Martin. Each one had this to say about the season. "We came, we saw, we kicked!" said Benne Rogers. Mike Lewis had this to say, "Hey, what can I say? We were the number one eight-man team in the state, you can't get any better than that!" Bryan Martin added this, "While other teams may claim to have been better, we all know who was really better--us!"

Benne Rogers goes around the end for a big gain, as the team blocks the opposing players.
